**Activity Report:** The Booster Club Members voted at the last meeting on possible options to name our Social Club gatherings. The most popular options with ties to Teddy Roosevelt in order of votes were the Bull Moose Club and the Big Stick Club, along with the Riders Club.

We had our first Bull Moose Club social event on Friday, September 9 at Shenanigan's following the football game versus Lincoln. This was the first organized gathering since Booster Club members voted on naming the event and the turnout was much better than the date scheduled before school started. I

would estimate there were about 50-60 people in attendance. We would like to thank the Booster Club for providing the nacho bar!

The next scheduled dates are as follows:

October 7 Tailgate at Homecoming game vs Brandon Valley  
November 5 TC's Referee  
December 9 Sand Bar

We are going to start looking at setting up new dates beginning in January and will include Beef O'Brady's in the locations along with Shenanigan's, TC's Referee and Sand Bar.

They finished 18th (out of 32 teams) in the Marshall, MN Tournament this past weekend. The girls are practicing and playing hard to prepare for the rest of what will be a great season. This coming Tuesday, September 20th, is the volleyball RR Nation Night where we will be taking on the Harrisburg Tigers. We are looking forward to a large crowd and an awesome game! Come out and support our Lady Riders!

### **Competitive Cheer- Michelle Krier**

**Activity Report:** Competitive Cheer is doing great in their 2016 competitive season. They have placed first in all competitions to date. At the same time we have some injured athletes so being able to still put a great routine on the floor, hit it, and get first has been very difficult for the team but has definitely made them stronger as they continue to win. We are hoping for quick recoveries on the injuries to have a full team again as all are needed to put up all of the difficult stunting that is in their routine.

Competitive cheer hopes to continue to progress and perfect their routine in the next several competitions and at State, October 22 in Aberdeen.

Roosevelt is actually hosting a competition at the Pentagon this season plus has other competitions in Sioux Falls and we are really hoping on support from the Booster and RHS to have a lot of people cheering on our team at the upcoming local events!

### **Competitive Dance- Michelle Krier**

**Activity Report:** Dance is doing great in their 2016 competitive season. They have had a great showing and placement in all competitions so far. Competitive Dance has also had the opportunity to perform at many home football games.

Competitive Dance hopes to continue to progress and perfect their routines in the next several competitions and at State.

Roosevelt is actually hosting a competition at the Pentagon this season plus has other competitions in Sioux Falls and we are really hoping on support from the Booster and RHS to have a lot of people cheering on our team at the upcoming local events!

#### **Sideline Cheer- Michelle Krier**

**Activity Report:** Right now all squads have been busy practicing. Football is well under way and doing great. They have enjoyed the large student sections that support football. We would like to see that enthusiasm continue in to the basketball season as well. We appreciate all booster is doing to get more students, fans, and future Riders to events. All squads enjoy representing their school on the sidelines of these sports.

#### **Teddy's dance- Michelle Krier**

**Activity Report:** Teddy's dance is currently off season. Many members are also on competitive dance or cheer and are busy in the middle of that season pushing hard to have great placements as they deliver on the floor. Teddy's will get going as the basketball season gets closer and do performance dance at events such as boys and girls basketball games.

#### **Girls Golf- Pat Waltman**

**Activity Report:** Off season. Coach is looking at getting some training opportunities together for the girls to get in practice over the winter. Have been participating in fund raising events and planning some future fundraising events prior to the start of the season this spring. Looking at reaching out to players and families that are new to RHS so that we can meet well before the start of the season so we are ready to go when spring arrives.

#### **Girls Basketball- No report**

**Activity Report:**

#### **Girls Tennis- Terry Grove**

**Activity Report:** The girls tennis team has shown great improvement in the past few weeks on what has been a challenging year. The team lost 4 of the top six players from last year. Because of this many of our players are having to play competition much higher than they normally would. They are gaining great experience playing at the varsity level and have been extremely competitive with the teams we have played. Our lineup consists of two 8th graders, two sophomores, one junior and one senior.

With such a young team and inexperience we will be requesting a special allocation from booster club for equipment that will help our players become better tennis players. This equipment was stolen from our tennis shack at Kuehn Park several years ago and it is time to replace the stolen items.

The new equipment will be used for the Boys team as well.

Starting September 19 our players have two matches on Monday, two matches on Tuesday a match on Thursday and a multiple match tournament on Friday. Hopefully we can get through this extensive schedule without injury.

Thanks and Go Riders!!

### **Orchestra- Collin Moriarty**

**Activity Report:** The orchestra program welcomes Katie Blunck as a part-time assistant to the program. Having an assistant will make everything in the orchestra world run more smoothly and Help target the low strings and high strings better with the 2 director's split skillsets.

**NOTEWORTHY ACCOMPLISHMENTS:**

The elementary school recruitment tour was a great start for the Chamber Orchestra. For this year's 4th grade presentation portion, the Roosevelt Chamber Orchestra played a few tunes and talked about what their favorite parts about being in orchestra and specifically about what makes the instrument they play so cool. The teachers involved said that the 4th grade students were SO EXCITED to try out the instruments and get started playing. They couldn't stop raving about what a difference it made to have the high school students visit. There were 18 high school students who visited 3 different schools and played for over 400 elementary students. This was a major outreach for the program. They will hopefully play the tour every year!!

The orchestra students also volunteered at the Sioux Falls marathon. They were in charge of about a 5-block portion of the marathon. The students had a great time cheering and playing for the runners, and did some bonding as well.

**UPCOMING EVENTS/VOLUNTEER NEEDS:** Our next major event is preparing for All-State Orchestra auditions on Oct 13. The students are busy practicing away and the teachers are working on the logistics of being the Sioux Falls audition site. We do need adult proctors for the terms testing room (about 8am-5pm on October 13). Please contact Kate Matthews or Katie Blunck if you would be willing to contribute/volunteer your time on the 13th.
